**NORWICH GRASS LIST \$17,786,743**  
 Increase for 1915 of \$202,243 Over 1914 List—Total Increase in Items Was \$420,343, Total Decrease \$218,100—126 More Dwelling Houses in Lists This Year and 120 More Motor Propelled Vehicles.

On Wednesday afternoon Clark Michael J. Curran of the board of assessors had the abstract book completed for the grand list of the town which shows this year a total of \$17,786,743 in taxable property, an increase of \$202,243 over last year when the assessors made the list \$17,584,500. There is a total of 4,161 lists of taxable property in the town of 141 lists over the preceding year.

There was a gain in the value of sheep from \$150 to \$160.

The item of money on deposit shows the increase from \$23,525 to \$28,945, a gain of \$5,420, which is explained by the law calling for a tax on mortgages held that are above the assessed value of property. Many mortgage holders this year have put these mortgages in the hands of the town of money on deposit.

Ten Per Cented Lists.

There were more lists that were increased by ten per cent this year than ever before, this being the penalty for failing to hand in a list. The amount added by taxpayer consent was \$69,338, which was \$26,497 more than last year.

This year for the first time, non-residents have been required to hand in their own list or take the ten per cent penalty, but the number of lists so increased was 100 more residents this year who incurred the penalty than a year ago. All in all there were 584 lists ten per cent increased, which is 515 more than a year ago, and 69 non-residents. Last year there only residents suffered the penalty there were 415.

19 Lists Increased.

Increases made by the assessors in the lists handed in by taxpayers amounted to \$174,500 and there were 13 of these.

CONTRACT FOR NEW FIVE-STORY BUILDING

Given by Hopkins & Allen Arms Co. Over Shooting Range.

President J. A. McGregor was at the Hopkins & Allen Arms Co. plant here on Wednesday and the contract was given to the Crown company of Worcester to proceed with the building of a five-story building where they are now at work on the shooting range that will make the range a shooting range.

As already described the building is to be 122 feet front along Chestnut street and 62 feet in depth and the height of five stories will run it up to the height of the main factory building to which it will be connected.

**TELLS CHARACTER OF WOMEN BY HAIR**  
 Novel Method Adopted by Enthusiast on Hair Culture Causes Discussion

Show me a woman with fascinating hair, and I will tell you her character. Show me a woman with a hair that is dandruff and an abundance of her own hair, and I can usually show you a careful woman with a home, a clean and a husband whose life is one of comfort and contentment.

On the other hand, well, the less said the better. Of course, there are exceptions that prove the rule, said the speaker, who by the way is a man that considered the idea of producing a beneficial preparation for women's hair—one combining ingredients that not only make it radiantly beautiful and fascinating, but refreshes and invigorates the hair roots so as to promote an abundant growth of healthy hair.

The speaker said the same hair has every trace of dandruff.

So uniformly successful is this dandruff preparation that it is the hair of Parisian girls, that there is probably not one dandruff in the United States who does not use it. It is the fullest measure of satisfaction of money back. Lee & Osmond have money of women who supply regularly to the Christian Science, and the coat is trailing.

At the end of that year the man was dead. Then came the panic of 1857, the worst in Dimock's memory. The firm managed to weather it, but shortly afterward Mr. Dimock left to go to the Norwalk Silk Co., with which he has been connected ever since.

Dimock has an active interest in the silk business and is an honored guest at the speakers' table at all meetings of silk associations. He has always entertained strong political opinions and has been especially interested in the Mexican revolution, where he has advocated a Wilson policy or lack of policy to have been a decided failure.

**"CASCARETS" FOR BOWELS**  
 SALTS, CALOMEL PILLS ACT ON BOWEL LIKE PEPPER ACT IN NOSTRILS.

**ENJOY LIFE! DON'T STAY BILIOUS, SICK, HEADACHY AND CONSTIPATED.**

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as the bowels are slow to move. For age is never so active as youth. The muscles are less elastic.

So all old people need Cascarets. One might as well refuse to aid weak bowels as to neglect them. The gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as now.

Are not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a year later, used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.
